Stephens International Public School

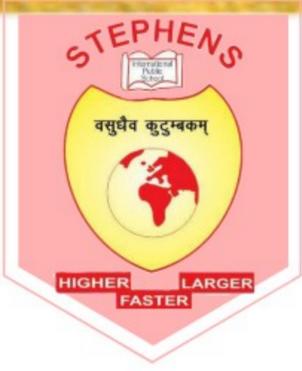

CBSE Affiliation No.- 730042

Airport road, miran sahib, jammu

Our Proud Collaborations

The Alma Mater

Stephens International Public School is nestled in a pollution free environment on a sprawling campus away from the hustle and bustle of the city life. The campus has been aesthetically landscaped to provide a pleasing and harmonious background for the children in their academic and sporting endeavours. The school has three blocks - Pre- primary, Primary and Senior.

The school has well- curated lawns, large grounds, spacious and well ventilated classrooms, science laboratories, computer lab, phonetic lab, art and craft studios, music room as well as fully developed infrastructure for volleyball, Kabaddi, basketball, badminton and swimming apart from other athletic sports. We have recently initiated the cricket academy which complements the aspirants to enhance their skills and provide them a platform to explore novel avenues.

The 120 plus trained faculty at Stephens works meticulously on an ingeniously developed curriculum that imparts world- class education to around 2500 students in a fun- filled manner. The various audio- visual seminar halls ,smart classes, a rich library, newly inaugurated play station and an artificial zoo only make the learning seem so easy and the school so affable.

Since its inception in 2006, the school has received numerous awards in recognition of its high standards of holistic education. The most recent one, the Five Star Rating Schools Award from CED Foundation, is yet another testimony of our resolve to bring International exposure to our students.

OUR VISION

To provide value integrated learning with focus on academic excellence, physical health, moral uprightness and emotional robustness.

To groom the students for a fiercely competitive professional world and a highly demanding social life.

To bring about sustain-able social empowerment

OUR MISSION

To create an environment for academic excellence with holistic growth and a culture of truth sharing and caring for others.

At Stephens, we have undertaken this noble task of bringing out the perfection every child is born with. Our teachers are our greatest strength in this mission and they are grooming our students for the global roles while keeping them rooted in our nation's invaluable traditions. Little wonder that our alumni come across as proud Indians delivering critical responsibilities in public service, defense, MNCs as well as international research centers.

The diligent and intrepid community living around this school is our greatest inspiration. This community has faced in the past severe discrimination in terms of educational opportunities and still given the nation some of its bravest and finest men and women. Stephens is our tribute to all of them.

Our commitment to holistic education has been bringing us 100% board results every year as well as giving the society excellent orators, thinkers, musicians, researchers, sports persons and leaders. We thank the parents of our 2200+ students to have responded their trust in us and given us this opportunity to serve the nation in our own humble way.

OUR CLUBS

Our Clubs, Language Club, Eco Club, Music Club, Dance Club, Sports Club, Cricket Academy, Artem Club.

Stalwarts

MRS. RAMA JAMWAL

Principal

Dear Parents

Welcome to the session 2022-23, Stephens International Public School is a dynamic organization and has moved from strength to strength with the valuable support, synergy and cooperation between teachers, students, parents, and the entire vicinity. Our forte has been all round development of the learners' personality- mind, body and spirit. Despite the challenging times during the pandemic, the school has made a great name in all spheres by winning accolades at the inter- school, state and national levels.

I hope this session not only sees more rewards, recognitions and achievements, but also more harmony, cooperation and liaison among all the stakeholders and greater happiness all around. I wish you a very fruitful and successful year ahead.

DR. KAAJAL BHASIN

Vice Principal

All significant achievements of mankind are the culmination of small beginnings carefully sustained and nurtured.

I believe real education should consist of drawing the goodness and the best out of our own students. What better books can there be than the book of humanity.

MRS. SHWETA BAKSHI

Head Mistress

Children are living beings more living than people who have built shells of habit around themselves.

Therefore, it is absolutely necessary for their mental health and development that they should not have 'mere school' for their lessons, but a world whose guiding spirit is personal.

MR. SACHIN DOGRA

Co-ordinator Sr. Wing

Great scientific discoveries and inventions that revolutionize the very existence of man take their route in very ordinary looking ideas. We at SIPS, believe in the maxim "small beginnings make great endings."

MR. B.D. SHARMA

Co-ordinator Middle Wing

Time nourishes, ripens and modifies everything. Every child has immense potential and we try to channelize that potential.

MRS. PRIYANKA ANAND

Co-ordinator Prep. Wing

School begins as a lyrics of Hard Work and the dedication changes it to epic. Then through zeal and zest, it becomes an epopee.

It is a matter of pride to serve this esteemed institution, where development of young children is of utmost importance. The innovative approach to education constantly introduced by the school has always led to better development of SIPans to make them more responsible citizens of the world.
