

Dear Parents,
Greetings of the day!

"Summer is a time to relax, recharge and reconnect with yourself. Let go of all worries, immerse yourself in tranquility and inner peace amidst the chaos of life."

Students should use their Summer Break to relax and enjoy their free time. It's also a great time to take a break, hang out with loved ones and explore new interests or hobbies. Now it is the perfect moment to unleash their creativity and make the most of their time spent at home. Holidays' homework and Projects' work have been provided, which will keep the students engaged and ensure that they have a productive break. It has been carefully considered that the summer vacation homework and project work should be engaging, entertaining and impressive.

Stay Cool, Stay Safe: Protect your Kids from Summer Heat
